

1205 Clarification Information – 1/11/2012

The intent of this bulletin is to clarify the spirit of the 1205 class. For 2012 the 1205 class will allow twin or triple cylinder engines 751cc to 1205cc. limited to OVM motorcycles produced with one piece handlebars. The motorcycles will be equipped with a production engine and frame. The motorcycle must have a production appearance. Lights must be removed; original forks, shocks, brakes and wheels are optional. Modified engine management systems, intake and exhaust systems are allowed. Entrants shall provide suitable documentation validating the production design of their entry. All PPIHC safety and race rules and regulations apply to this class. The Director of Competition/Assistant Director of Competition will make the final decision of eligibility for any entry.
